

My Story from Bible Stories

MONDAY, March 15th (7:00 pm)

Palestine to Maple Grove, MN spans huge stretches of time, distance and CULTURE. Gospel story samplings often hold possible levels of meaning to 21st century Christians deeper than their "face value", and reveal evangelists' use of the symbolic. Christ's own teachings often utilized parable stories. The session challenges translation into directions for personal spirituality. Suggested donation - \$10 to help defray the cost of the speaker & materials
